

## Biography of David Munene Mwangi

---

Name: David Munene Mwangi

Position: Chief Manager, Planning, Research & Performance Monitoring

Company: The Kenya Power & Lighting Company Limited

Country: Kenya

---

David Mwangi, 52, is the Chief Manager, Planning, Research & Performance Monitoring of the Kenya Power & Lighting Company Limited (KPLC). He holds a Bachelor of Science degree in Electrical Engineering (Honours) and is a Registered Engineer and Member of the Institution of Engineers of Kenya.

After graduating from the University of Nairobi in 1978, where he had been sponsored by KPLC, David joined the company and rose through the ranks to his current position. His previous positions include, among others, Chief Engineer (System Development), Project Leader, Institutional Strengthening Project, Business Development Manager and Corporate Planning Manager.

David is also the secretary of the Kenyan chapter of the World Energy Council and a member of the steering committees of the East African Power Master Plan, Nile Basin Initiative's Regional Power Trade Project and Nile Equatorial Lakes Action Programme (NELSAP) and of the Zambia-Tanzania-Kenya and Ethiopia-Kenya power interconnection projects. He was a board member of the Power Institute of East and Southern Africa (PIESA) from 2005 to 2007.
